Maroon Choice Over Radnor

Both Teams at Training Peak For Annual Gridiron Battle In Villanova College Stadium

Lower Merion High Hopes to Atone For Last Year's 27-0 Reverse; Record Turnout Expected

By BOB JOHNSTON

Hoping to salvage something from a medicore season, Lower Merion High's gridiron gladiators also will attempt to gain vengeance for last season's setback when they play Radnor High in their annual game, Saturday afternoon at Villanova Stadium. Lower Merion, as usually is the case, will be the favorite.

An anticipated crowd of 8,000 will witness the game, 49th in one of the nation's most venerable schoolboy series. They first met in 1897, when Lower Merion won by 10-4, and battled to a 0-0 tie later that same season.

In all, Lower Merion has won 19 games against 20 for Radnor's Raiders. The Wayne warriors took the upper hand by scoring an unexpectedly decisive 27-0 victory last season. Nine games have ended in stalemates.

Lower Merion tuned up for the game by upsetting a strong Chester eleven, 6-0, Saturday afternoon at Pennypacker Field. Radnor lost to Abington, 26-0, in a Suburban Big Six engagement, last Friday.

Despite Radnor's one-sided setback, Lower Merion Coach Dick Mattis later declared he was impressed with the Raiders. Mattis, who witnessed the game, opined, "Radnor has a much better team than the score would seem to indicate.

"And, in a traditional game such as this, anything can happen," he pointed out. "It doesn't matter much what kind of a record a team has when they come up for this one. And Radnor always has been a one-game team. By that I mean they concentrate upon one game at a time, consistently coming up with unexpectedly fine performances in traditional engagements."

Dick Powell plunged over for Lower Merion's winning touchdown against Chester, after Substitute End Len Bohrer recovered Slick Gether's fumble of a punt one the enemy 35. Graham Hopper, sub seatback, set up the score with a 26-yard run to the one, but later sustained a leg injury.

Military Training Favored By Boys; Girls Against It

Seniors at Lower Merion Senior High School voted two to one for compulsory military training in a poll conducted by the Lower Merion High School News Bureau and the Merionite, the school paper, on Tuesday.

The question read: "Do you favor the plan backed by President Truman and the American Legion to provide compulsory military training for boys 17 to 20?"

The final tabulation showed that 196 seniors are for the proposal and 89 against it with 21 having no opinion.

Boys voted 69 for it and 35 against it, girls voted 21 for it and 54 against it.

Expect to Build Finest Ball Park

Haverford Township Given Petition For Veterans' Park

A petition bearing more than 400 signatures and asking completion of Veterans Park in Brookline was presented to the Haverford Township Board of Commissioners Monday night.

Commissioners, meeting in the Township's Administration Building Building at Oakmont, took it under advisement until next year's budget is prepared.

The petition, containing 15 pages of signatures and addresses, was presented by Fred J. Marschhausen, 1635 Earlington Rd., Brookline.

Marschhausen said he appeared only as an individual citizen and not as representing any organization.

"This is what got me interested," said Marschhausen. "I have a boy in high school and I would like to help keep all boys out of pool rooms and other undesirable places by providing proper recreational opportunities in their own Township."

Edward C. Land, commissioner and chairman of the recreation committee, explained that the commissioners during the war period had done "as much as they could with what they had."

He assured Marschhausen the petition would be given careful consideration.

The petition reads:

"We, the undersigned, citizens and taxpayers of Haverford Township, respectfully present this petition to you for the immediate completion of the work necessary to make Veterans Park a complete play park for children, youths and adults. The following are the needs to complete this tract:

1. Immediate reseeding of the baseball diamond and field.
2. A roof over the present grandstand.
3. Two new permanent bleacher stands to the left and right of the grandstand with permanent dugouts along the first base and third base lines.
4. Remove present snow fence at the South end of the ball field and replace same with hurricane fence.
5. A walk across the South end of the ball field with proper drains.
6. Move air raid warden house to the opposite end of the field.
7. Permanent walk up the slope at the West end of the park.
8. Tennis courts at the North end of the park.
9. Playground for small children at the South end of the park. Swings, slides and see-saws for children.
10. Proper landscaping with shrubs.
11. Parking on the lower road for cars.

Veterans Park has been the home field of the Brookline and Manoa teams of the Main Line Baseball League since 1943. It is hoped by baseball enthusiasts of the Township to see Veterans Park developed as one of the finest baseball diamonds in the suburbs. At present it has a limited seating capacity, accommodating only about 400 persons. Many spectators during last season's games were forced to stand along the sidelines.

Veterans Park is located on Darby Rd., near Manoa Rd., in the rear of the Haverford Township police station.

Opposes Plan For Replotting Roads

But Wynnewood Civic Thinks It Alright in Undeveloped Areas

The board of directors of the Wynnewood Civic Association, Tuesday night passed a resolution against "the general plan for plotting of roads or highways at increased widths through improved residential sections where no present or future necessity is evident."

The resolution qualified this objection by saying: "that the Wynnewood Civic Association approves of the plotting of roads and highways in undeveloped and unimproved areas in Lower Merion Township at a width of 50 feet or upwards," as well as approving "in principle the plotting of the roads and highways in lower Merion Township on the basis of present or future necessity presently ascertainable."

This resolution was passed after an inquiry made of the property owners and residents within the boundaries of the Wynnewood Civic Association.

The Wynnewood resolution is similar in tone to the resolutions passed by the Haverford and Rosemont civic associations which were published in this newspaper last week. So far they all have approved of the general idea of widening some roads and highways of the Township, but they object to the overall project of widening each and every thoroughfare to a minimum width of 50 feet.

The remainder of the Wynnewood Civic Association's board of directors meeting at the home of James B. Swartz, 544 Ballytore Rd., was concerned with routine business.

Copies of the road widening resolution were ordered sent to Lower Merion Township commissioners and other civic associations of the township.

Rotary Club Has Armistice Program

Rev. Kirkland Says We Mustn't Fail War Vets

"We must now acknowledge that we let down the veterans of World War I with the outbreak of the war which has just ended, and we must resolve that under no condition shall we let down the veterans of World War II," the Rev. Bryant Kirkland, pastor of the Narberth Presbyterian Church told the Bala-Cynwyd-Narberth Rotary Club on Tuesday.

Delivering the annual Armistice Day address the Rev. Kirkland said that the American people are now stagnant. He said that we are sitting back waiting for reconversion to overtake us but weren't doing much to help it arrive.

He also said that the American people are facing a decay in culture. "If we don't want to destroy ourselves," he said, "we must have better human relationships between all creeds and races because that is the normal way to live."

He said this is a moral necessity and we are doomed to failure without it.

Guests at the meeting were George Derry, past district governor from Philadelphia, H. Schneider of Philadelphia, J. Albrecht, Jr., and Samuel Gearhart of Ardmore, and W. H. Holdt of Narberth.

Next week Dr. George E. Barnes, pastor of the Overbrook Presbyterian Church, will deliver the annual Thanksgiving message to the club. Dr. Barnes is a member of the Philadelphia Rotary Club and an honorary member of the Bala-Cynwyd-Narberth Club.

Last week Ralph Dunne, district governor of Rotary, spoke to the Philadelphia Rotary Club and 17 members of the local club attended.

300 Attend Debate On Labor Disputes

Meeting Sponsored By Leagues of Women Voters

With an audience of some 300 persons participating, a lively discussion on the relationship of labor and management was held Wednesday night at Haverford College. The panel discussion was sponsored by the Haverford, Lower Merion and Radnor League of Women Voters.

Mrs. Robert P. Wetherill, vice president of the Lower Merion League, opened the meeting by explaining that the League of Women Voters arranged such meetings because they felt that we needed information and facts in order to be guided by reason and not by prejudice. "Prejudice," Mrs. Wetherill said, "has been defined as being 'down on' what one is not 'up on'."

The moderator, Alexander H. Frey, professor of law at the University of Pennsylvania, introduced the members of the panel: Roy H. Sjoberg, assistant general manager of J. G. Brill Company; Sylvester Garrett, chairman, Third Regional War Labor Board, and Stephen Levitsky, assistant to research directors, United Steel Workers of America.

Each of the speakers had suggestions for bettering the industrial relationship. Garrett said this collective bargaining relationship is like that of marriage—a continuous one, subject to stresses and strains. Sjoberg suggested that specially trained men in management would help. Levitsky deplored strikes and picketing and felt that day-to-day grievances in a plant should be settled by grievance machinery

Nothing definite has been decided so far, Miller reported.

More Teeth Put In Snow Removal Act

Borough Can Fine As Well as Assess Owner for Cost

The Narberth Borough Council at its November meeting last Friday night put more teeth in its ice and snow removal regulations.

Councilmen passed an ordinance which not only permits the Borough to have snow and ice removed from sidewalks at the home owner's cost but also allows for the imposition of a fine.

Since September, 1934, the Borough has had an ordinance which required removal of ice and snow 24 hours after it fell. It also required that residents cover ice with mud, sawdust or anything else approved by the superintendent of public works. If this was not done the Borough did the work and billed the offender. Some of the residents, however, refused to pay the bill.

In passing a new ordinance Friday night the Council made the offender not only subject to costs for the work but, also, to the payment of a fine of not less than one dollar and not more than $15 plus costs of prosecution. In the case of default the offender can be imprisoned for one day.

Councilmen said at the meeting that they did not expect to have enough employes to do any extensive snow removing for residents this Winter.

Dubois Says Tax Boost May Be Necessary For Schools and Teachers' Pay

Residents of Lower Merion should prepare themselves for a higher school tax rate if schools in the Township are to obtain additional educational facilities and if the scale of teachers' pay is to be increased, F. A. DuBois, superintendent of schools, said in a Gavel Day address at Lower Merion Junior High School last Friday.

DuBois pointed out that many of the troubles now confronting the world could be solved through education. He said:

"We would come out of the hole with peace for all people if the peoples of the world were educated".

He reminded taxpayers that the School Board was governed to some extent by the reactions of residents who "collared" them about taxes.

He urged those residents of the district who want to see students in Lower Merion obtain better educational facilities to talk with members of the School Board.

"It is the few who are not interested in the kind of schools provided for students who sometimes bring about what economists term a 'social lag' ", he said.

Dubois pointed out that adequate educational facilities bring in more cash to a community, make a better community, keep up real estate values and is money well invested.

He said that at the present time a new salary schedule was in preparation for teachers. He pointed out that if more money was offered teachers, Lower Merion could attract some of the best teaching talent in the country.

"Some places have a higher schedule than Lower Merion and consequently the school district is losing some of its teachers to

Ban Against All Night Parking Revoked By Borough Council; Cars Must Still Be Lighted

Only 26 Percent of Bond Sale Reached

Lower Merion and Narberth Lag Behind In Victory Drive

"Reports for the first two weeks of the Victory Loan indicate that the buying pace must be increased sharply if Montgomery County is to reach its quota," declared Drive Chairman Robert R. Titus, president of the Synthane Corporation, today. To date lower Merion and Narberth have only collected 26 per cent of their quota.

The Lower Merion-Narberth quota is $1,810,480 in individual bonds, of which $742,000 is the E Bond goal.

First reports compiled show that Lower Merion is running back of the national, state and county average of sales and Co-Chairmen Thomas Barnes, 2nd, and James L. Gardiner yesterday emphasized the importance of stepping up the tempo of bond purchases in every district of the township to maintain community pride and reputation in the war financing program.

"It is very important that every Lower Merion resident who buys a Victory Loan bond should have it issued by a bank or other local agency so that we obtain proper credit," declared Mr. Gardiner today. "I am confident that Lower Merion residents realize we must attain our Victory Loan quota and uphold the traditional and enviable position this area has established in all wartime and peacetime activities."

The issuing agencies that insure Lower Merion getting credit for Victory Bond purchases are: The Autocar Company, Ardmore; Bryn Mawr National Bank, 107 Chenango St., Bryn Mawr; Bryn Mawr Trust Co., Bryn Mawr; Lower Merion Federal Savings and Loan Association, 35 E. Lancaster Ave., Ardmore; National Bank of Narberth, Narberth; Penna. Co. for Insurance on Lives, Etc., 7 E. Lancaster Ave., Ardmore; Strawbridge & Clothier, Ardmore; Warner Bros. Circuit Management Corp. (Ardmore Theatre), 34 W. Lancaster Ave., Ardmore; all postoffices of Lower Merion and Narberth.

No Pussyfooting, Bell Tells Women

Speaker at Annual Convention of G. O. P. Council

Republican leaders had a warning today from Lt. Gov. John C. Bell, Jr., Lower Merion, that they must advocate "more and more progressive principles" and adopt constructive policies on domestic and international issues if the GOP is to retain its political position.

Citing the "millions" of "prodigal" Republicans who left the Party's ranks during the past 15 years and the large percentage of youth who are "going Democratic," Bell said the political organization must analyze the reasons for this situation and plan aggressive action to correct it.

"In this rapidly changing, but enlightened age, the Nation, the individual, the corporation or the political party which stands still or pussyfoots or tries to live on its past glories, slowly but surely sinks into oblivion," he told the Council of Republican Women during their 23rd annual convention in Harrisburg, attended by many Montgomery Countians.

He said that in this State the Republican Party had "a record and an administration of which every Pennsylvanian should be proud."

Power For Enacting Parking and Traffic Regulations Given to Burgess and Public Safety Committee; Empowered to Set Up Traffic Court

Power of enacting as well as enforcing local traffic and parking regulations in Narberth Borough was placed jointly in the hands of the Borough's burgess and the Council's public safety committee last Friday night. Councilmen held their November meeting Friday instead of Monday night so their members could attend the American Legion banquet.

Enactment of traffic regulations, such as limiting parking in the business zones, regulating all night parking and preventing speeding through borough streets always has been the function of the Council as a whole. It meant that every time the councilmen wanted to change borough traffic regulations they had to pass a separate ordinance.

Now this can be done jointly by Burgess Richard L. Miller and the public safety committee. Public notice of any changes in the regulations, however, will be given by the burgess and committee.

At the same meeting councilmen repealed an old ordinance which prevented all night parking. It was pointed out by Roland Fleer, president of the Council, that the ordinance was in conflict with the State Motor Vehicle Code which permits all night parking provided automobiles are properly lighted.

The new ordinance passed by councilmen also gives the burgess and the public safety committee the power to set up a traffic court.

The public safety committee and the burgess contemplate a study of the existing regulations for parking and driving and overhauling of the regulations if it is found necessary. Increased motor traffic is expected to necessitate some changes.

In repealing the old ordinance relating to all night parking the councilmen are taking the position that local traffic regulations should not supercede or go beyond regulations already written into the State Motor Vehicle Code.

The public safety committee stated that all night parking in Narberth without lights had become a street hazard. During October, it was reported, 163 automobiles had been tagged for parking on the street all night without lights.

Burgess Miller declared that the new ordinance was not designed to create any hardships for borough residents but to give them more protection. The new ordinance, he said, would make the enactment of traffic and parking regulations more flexible.

"We have set up no traffic court as yet," declared Burgess Miller. "With the cooperation of the Borough's citizens in helping us to enforce new regulations this step may not be necessary."

The burgess added that consistent offenders, as in the past, would be brought before the local magistrates.

More Light Needed; Wives Are Afraid To Meet Husbands

At the Bala Cynwyd Neighborhood Club Executive Board meeting Tuesday evening, it was voted to campaign for better lighting at the Barmouth Reading Railroad Station, Levering Mill Rd. and Belmont Ave., Bala Cynwyd.

Directors reported that the station is so dark that wives are afraid to meet their husbands after dark.

It was suggested that Harry L. Buck, chairman of the Public Service Committee, contact the Reading Railroad authorities to see what can be done about this matter.

Narberth Boys Club Adds Members

Merit Certificates Presented Club Baseball Team

Fourteen boys became members of the Narberth Boys Club at the semi-monthly meeting held on Sunday night.

Athletic Director Howard D. Hatfield addressed the meeting and reviewed the past year's activities in sports. He thanked the boys for their efforts in finishing as high in the leagues as they did.

He said he felt they had one of the finest baseball teams for their ages as there was anywhere and that their conduct as good sports and gentlemen on the field of play was above reproach. He said this reflected on his leadership for which he thanked the boys.

Hatfield also stated that basketball practice would start this week as soon as arrangements were made for the gym. He also announced the baseball banquet and dance will be held at the Masonic Hall in Ardmore on November 27 at which time the baseballs and trophies will be awarded as well as the Most Valuable player awards to each team will be given.

Otto B. Duer, president of the club's executive committee, told the boys what a good name they had earned for themselves. He read the new Constitution and By-Laws of the Club and gave the new rules which had been formulated at the executive committee meeting held last week at his home.

Hatfield spoke a few words in memory of Dave Erickson, a pitcher for the club, who died last month. Dave pitched a no-hit no-run game against Kirklyn Boys' Club in the championship playoffs.

The boys voted to meet every other Sunday night at 7 o'clock in the Community Building.

Three fire companies responded to the alarm, Oakmont, Brookline, and Manoa. No one was injured.

Armistice Services At Memorial Plaque

World War II Veterans Are Guests at Legion Turkey Dinner

Twenty-five members of the Bullock-Sanderson Post, American Legion, Ardmore, met at the post home Monday morning and paraded to the Memorial Plaque at Lancaster Ave. and Station Rd. in Ardmore.

They were accompanied by a squadron of the Main Line Red Cross and the Lower Merion High School Band, directed by Dr. Bruce C. Beach.

Enroute to the Plaque they stopped at the Honor Roll of World War II, where the color guard saluted and presented arms in honor of Lower Merion service men and women.

At ten minutes of eleven services were held in front of the plaque. The Rev. Eugene A. Kelly, pastor of St. Coleman's Church, made the invocation.

A. A. Walker, commander of the post, paid tribute to all the men and women of the armed forces of both Worlds Wars I and II, and to those who have made the supreme sacrifice for justice, freedom and democratic.

"Such a world tragedy must not occur again," he said. "War must be prevented forever, and toward that end each of us must dedicate ourselves, our energies and our posterity."

Monday evening 100 members and guests, including 20 veterans of World War II, met at the post home for a turkey dinner. They were entertained by the University of Pennsylvania Glee Club Quartette, Russell Parker, baritone soloist, and James Ervine, pianist.

Frank Royer, past commander of the post, acted as toastmaster and introduced several veterans of World War II who were guests of the post.

He introduced the speaker, Dr. Samuel Steinmetz, clergyman of St. Michael's Episcopal Church, Trenton, N. J.

Dr. Steinmetz particularly challenged those who said there was no hope for perpetual peace.

He is an advocate of the "love they neighbor" policy in so far as nations are concerned and believes that following such an attitude in life, we can have eternal peace on this earth.

higher paying districts", he said.

"Lower Merion taxpayers don't want 'cheap' schools," declared the Superintendent.

He pointed out that no tax increase was being considered necessary at the moment. "There are many things which need to be done but so far higher taxation hasn't been necessary because some corners have been cut in order to avoid it", he said.

Among the things which DuBois mentioned which are needed in the school district are additional facilities at the Ardmore Junior High School and the Lower Merion High School.

Other needs are a new cafeteria in the Senior High School, which now operates in three shifts due to the crowded conditions; a new auditorium, the present one seats only one half of the student body and a girls' gymnasium for girls at the Ardmore Junior High School.

He pointed out that the School Board had purchased land adjacent to the Bala Cynwyd school to expand the playground area but because of the costs, it had been postponed.

"The children of this school need this playground area very badly and are being deprived of the facility because the present budget does not provide for this", he said.

Neighborhood Club Opposes Road Plan

Fourteen New Members Raises Total To 365

The Bala-Cynwyd Neighborhood Club board of directors passed a resolution Tuesday evening, opposing the granting of blanket authority to the Lower Merion Township commissioners for the indiscriminate widening of the streets.

A plan for the re-plotting of all township roads with 50 feet as a minimum width was sent to all civic associations for study by the Lower Merion Planning Commission. Most of the civic groups, although approving planning in general, are opposing the proposal.

J. Barratt Conner, president of the club, presided at the meeting which was held at the Bala-Cynwyd fire house.

Fourteen new members were accepted bringing the total membership up to 365. The new members are as follows:

Lt. Ewing C. Julstedt, 128 Princeton Rd., U. S. N. R.; W. E. Wark, Jr., 104 Rolling Rd., builder; Lawrence B. Parkman, 111 Levering Mill Rd., salesman; Dr. Alexander J. Hunter, 107 Bala Ave., dentist; W. Owen Kerr, 36 Union Ave., accountaint; John L. Rice, Bala Ave., baker; Frank A. Callahan, 401 Kent Rd., contractor;

Arthur R. Dunn, 105 Upland Terrace, manager; Charles I. Fridy, 49 E. Levering Mill Rd., architect; Edwin Malmed, 128 Rolling Rd., attorney; Norwood P. Kendrick, 317 Kenwood Rd., salesman; Harry W. management to negotiate collective bargaining issues, the union sent a letter to William H. Brearley, secretary of Autocar, suggesting that negotiations be renewed. Since then, representatives of the company and the union have met bi-weekly in an effort to iron out their differences.

Union spokesmen said that negotiations of all terms are now in progress on the basis of a union shop which is one of the demands of the union. However, it was stated, this does not mean that the union has won its demand for a union shop because no agreements or concessions become final until the contract is signed.

John Arroyo, chairman of the union's negotiating committee, said on Wednesday that the relationship between the union and the company are much better today than they were two weeks ago. He said negotiations are progressing very favorably.

Another spokesman for the union said that it was probable that the contract could be completed and signed before the end of November.

It is understood the Autocar Company has tentatively agreed to pay the same wages which competitive firms agree to pay as, for example, General Motors Company in Detroit.

Demands of the union in their new contract are for a union shop, 30 per cent increase in wages, better incentive system, paid holidays, time-and-a half for work on Saturdays and double time for Sunday work.

Miserable Thief—Return That Radio!

Last Thursday afternoon there was a deliberately mean individual or individuals.

The volunteers of the Manoa Fire Company answered an alarm to a field fire on Glendale Rd. Taking advantage of their absence someone entered the Fire House and stole their table model radio.

It is the belief that the fire was purposely set, as it was started in several different places in the field.

The volunteers are asking that whoever took the radio to please return it. This is a volunteer fire department and the men give freely of their time to the protection of life and property.

set up in the contract and not by strikes or lock-outs. Many of the problems, said Garrett, of both management and labor are human problems. He suggested the establishment of a fact-finding agency to which disputes could be taken when the two parties couldt not agree.

When Levitsky regretted that labor was unable to get a fair presentation of its case in the press of the country, one woman during the question period expressed surprise that no one had taken exception to this indictment of our free press and said that if it were true it was indeed a serious condition.

Mrs. Lynmar Brock, program chairman of the Haverford League, and Mrs. John Scott of the Lower Merion League were in charge of arrangements.

Few Complaints

Robert Cameron, chairman of the Light, Water and Health Committee of Narberth Borough, reported that during the month of October there were only six garbage complaints.

Xmas Seal Sale to Open Next Monday

The seal sale for this district is under the sponsorship of the Community Health and Civic Association, 25 East Athens Avenue, Ardmore.

Seals depicting a typical American holiday scene, showing a boy carrying a holiday wreath to his home in the background will be mailed from the Association's headquarters next Monday. The sale will continue through Christmas.

Woman's Club Hears Address On Guatemala

To Co-Sponsor Tea For Sister Kenny Fund Dec. 6

Mrs. Percival Granger, artist and traveler, spoke to the Woman's Club of Bala-Cynwyd on Monday afternoon on Guatemala illustrating her talk with the singing of Indian songs, playing their traditional drums and giving Indian calls.

She explained that Guatemala is divided into two sections and each wear their own special garments. When she asked to paint or photograph them, they became shy because of their old superstition that part of one's soul leaves the body should one have a picture taken.

She exhibited her colorful sketches of outstanding people and articles woven by these Guatemalan folks.

Mrs. Edward Van Tine, hostess, served tea.

Prior to this meeting, the Literature Department under the chairmanship of Mrs. Henry E. Sharp, met when Mrs. Sharp told the history, song, and story of the Wissahickon. She explained the derivvation of names in that section and revealed how the Hermits settled there in 1694 believing the world was shortly coming to an end. Hence the name Hermits Lane. She suggested visiting the house of David Rittenhouse, first American astronomer, which is still standing. Mrs. Sharp also recommended walking through the Wissahickon for a delightful afternoon.

Mrs. L. R. Machi read several poems on the Wissahickon.

Hearings on Frankel Case Postponed in Norristown Court

Hearing in equity actions of Lower Merion Township against E. J. Frankel, involving construction of a large apartment house in what is considered a "residential" section of the exclusive Main Line area, scheduled for this week's session of Equity Court in Norristown, have been postponed by agreement of counsel.

The actions started when it was learned Frankel planned to erect the building. There was no prohibitive measure against such a plan at the time he asked for a permit but Township Commissioners held a special meeting and did prohibit it. Frankel then filed a mandamaus action and the court directed the township to issue him the permit. Construction on the apartment, however, never was started because of the pendency of the present actions of which there are a total of five.

Hearings in two of them were to have been held this week but announcement was made Wednesday that counsel had agreed to postpone the hearings.

Professor Speaks At C. of C. Meeting

Nominating Committee Appointed at Business Session

Dr. Grover A. J. Noetzel, professor of economics at Temple University, told members of the Main Line Chamber of Commerce at a meeting held Tuesday that the difference between opportunity, upon which this country was founded, and security is now evident and it will take a compromise in order that both can succeed.

Dr. Noetzel added:

"I feel that economics has been playing too large a part in the world of today. America was based on getting ahead and freedom of the individual is extremely important. America is changing. One hundred and fifty years ago 95 per cent of the people were employed at producing food for the 100 per cent. Today, only 20 per cent are so engaged, leaving 80 per cent to produce things to improve our standard of living."

Officials from the U. S. Chamber of Commerce present were A. S. Clark, district manager of the national group and Fordyce W. Baker, field representative.

During the business part of the meeting, a nominating committee, composed of Walter E. L. Irwin, Gordon Burlingame, L. Stanley King, Joseph Cairns, Jr., and Walter Case was appointed by the president of the group, William J. Lloyd, who presided at the meeting.

Defense Council Is Ordered Dissolved

All the defense supplies distributed among air raid wardens, auxiliary firemen and police were called in Monday night by the Haverford Township commissioners.

The commissioners on Monday night directed the executive officers of the Council "to inventory and gather in all such equipment and supplies" issued for defense purposes.

NEWS LETTER

PFC. C. H. CRESSMAN APO 96 SF has the most unique handwriting of all the Merionites in the Armed Forces; it's peculiar and yet it's legible, which is all to your credit, PFC. He's on Okinawa and has been for some time, and he says he's not enjoying himself. He has received the Combat Infantryman's Badge, which when defined, he says "means ten dollars more per month." He and all the rest of the guys want to say to all those guys still in the states, that they'd better appreciate them while they're home.

LT. HORACE R. EVANS is with a Truck Co., APO 75 SF and met his first home town pal since leaving the states, **JAMES MORRIS**, of Walnut Ave., Ardmore. He's one the outskirts of Manila, says it's badly messed up now. but must have been beautiful before the Japs ruined it. H says he's glad the folks at home were spared some of the things he's seen; but when he reads about the strikes and griping at home—perhaps it would have been better if some of it had "hit" home. The question of points comes up as usual, and all the LT. can muster is 45, so it'll take an entirely new system to get him home.

A card to school and a V-Mail to Camp Kennebec from **PVT. J. HAMMONDS**, the card from Luxembourg and the V-Mail from Czechoslovakia, and Jim says he believes he's about to retrace his steps, back through Germany and France and (?). He writes that he's seen a lot of sights, and his short stay in Dusseldorf was Paradise. As for non-fraternization—Jim has his own ideas about that, and we'll not print them.

PFC. FRED REYNOLDS APO 920 SF writes that the little old island he is on is becoming quite popular, other Merionites at the same place being **PFC. DICK McCREA** and **LT. LOUISA GILLETTE** (must be the Philippines). He has talked to Dick several times, but hasn't met the Lt. His brother, **EARLE**, is now at Camp Stewart.

CPL. FRANCIS IANNOTTA is with the 14th Air Force in China, APO 627 NY. He says China is a beautiful country (the place where he is, at least) with green mountains and clean looking, although the people are not. "It's pleasant, even though it rains every night; and there is so much mud, I won't discuss it further." The entertainment consists of hunting and fishing—the hunting is fair, at fishing he hasn't gotten a nibble. He says he's either using the wrong bait, or else the Chinese got there first.

ENS. WALT WILLIAMSON 34 FPO SF sent a V-Mail, which like all the rest, was forwarded to Camp Kennebec. Walt spent last Christmas in Frisco with his wife and since then his ship has participated in the invasions of Iwo Jima, Kyushu and Okianawa. He says his vessel was the first one to sight the Japanese homeland, and at one time they were only fifteen miles distant. He says this was exciting as a day on the Ardmore Avenue playground. After the Okinawa invasion, he went back to Pearl Harbor for reassignment, where he met **ARCHIE SPARKS**. Walt is on Refrigeration Supply Ship now and likes it.

A post card from Rouen-Tour Jeanne d'Arc - from **SGT. DAVID LUEDERS** 40 in which Dave says he's in France with 27 points, and that he'll see us in 1948.

Another card from Nice, France, from **TOM HAWTHORNE** APO 339 NY. He's at Nice for a seven-day furlough, most of which he spent on the Boardwalk and sleeping.

SGT. STEVE HENNESSY 33 APO 258 NY is in Czechoslovakia.

Bond Issue Money Can Be Used For Park But Now Land Is Sold

Money from the $100.000 bond issue in Haverford Township could have been used to purchase the 21 acres of Paddock Farm in the Township's Third Ward, the township commissioners were legally advised Monday night.

Purchase of the land was recommended by the Township's Park and Recreation Board at the October meeting of commissioners. A group of residents from the Third Ward opposed the purchase and in the ensuing discussion it went to the Township's solicitor, William R. Toal, for a legal decision on the bond issue money.

In the meantime, Warner-West Company bought the 21 acres for real estate development. Warner-West's priced for the land was not disclosed but the Township could have had it for $21,000.

Adrian Lanser, president of the Oakmont Civic Association, and members of the Association's executive committee were on hand Monday night to find out what the Township was going to do about buying the land. The Third Ward is one of the few wards of the Township that does not have a playground site.

The legal opinion on the use of the Township's bond issue funds was expressed by Solicitor Toal and corroborated by Caspar W. B. Townsend of the law firm of Townsend, Elliott and Munson, bond attorneys.

"After a lengthy conference with Mr. Townsend," said Toal, "and after a canvasing of all the legal probabilities and possibilities of the problem, we both arrived at the opinion that it is lawful for Haverford Township to appropriate money from the bond issue for the purpose of vacant land for parks and playground purposes."

SPORTS SCENE

By L. M. FORD

For the second straight year there won't be anything at stake in the Lower Merion-Radnor game except the tradition that the result will determine the success or failure of each school's season.

• • •

Lower Merion's inexperienced team, while playing in-and-out ball, was "up" for the midseason game it most wanted to win—Haverford—and if the Maroon goes against Radnor with the same attitude there shouldn't be any question of the outcome.

• • •

Radnor's team is no where near the calibre of the one that drubbed L. M., 27-0, last year, but is well coached as usual, in fact, has one of the best tackling teams we've seen, and will have that Radnor ability to rise to the heights against L. M.

• • •

If Lower Merion takes Radnor for granted it will be just too bad for the Maroon. Ditto if the latter is careless, or fumbles constantly or is uncertain of itself. Only the most positive, hardest hitting type of football will get the Mattismen past this final obstacle.

• • •

Radnor's Has-Beens, all former Radnor football players who have been out of school ten years or more, are holding their first banquet on the eve of the big game. Guests of honor will include all possible members of the 1915 Radnor team and its coach, Walter Doughett. Next year the 1916 team will be the guests and so on down the line each year. The $5 tax to the banquet also includes a ticket to the game, which all the Has-Beens expect to attend in a body.

• • •

It seems a swell idea, one which the old grads at Lower Merion and Haverford could well copy to advantage. Radnor always is a leader when it comes to enthusiasm and new ideas.

• • •

The outlook doesn't appear very bright for Haverford High in its climax game with Upper Darby on the Brookline field next Thursday. The Fords have been going steadily backward, so much so that their defeat at the hands of West Chester didn't come as much of a surprise last week.

• • •

Injuries have had a lot to do with taking the punch out of the Fords, who were conceded to be shy of good reserves, especially in the backfield. We opined at the start of the year we thought Haverford was being overrated by most persons and when fellows such as Ned Brownley, Bob McCausland, Jack Gilligan, Jimmy Hess and Kim Billings are forced to the sidelines there isn't too much left.

• • •

If the Fords are in good physical shape for Upper Darby we agree with Coach Stinson that they should have a 50-50 chance, but no more than that because, while Haverford has been slipping, Upper Darby has been improving and looks plenty formidable right now.

• • •

Ordinarily we'd say Haverford was in the better position as a result of losing to West Chester while Upper Darby romped easily over duPont and to boot most likely will be the favorite.

• • •

But this Haverford team doesn't seem to react in the accepted manner. After that Lower Merion setback the Fords should have come back at Radnor like a pack of wildcats. But they didn't. They looked terrible and were lucky to squeeze by in the second half.

• • •

Come to think of it, we don't ever recall any team that had all its life and incentive snuffed out of it in one half as apparently happened to Haverford in the second half against Lower Merion. It's a cinch the Fords haven't been the same team since.

• • •

You'd think Haverford's gridders wouldn't need much to get 'em up for the Royals. The game definitely will make or break their season. A victory will mean no more than a tie for the mythical Big Six crown and if Cheltenham upsets Abington this week the Fords could win the trophy outright.

• • •

The Fords indicated they could play real football by their performances against Abington, Norristown and the first half against Lower Merion. Maybe they'll find the spark again before its entirely too late.

• • •

They could probably stop that Lower Merion second half from haunting them if they beat Upper Darby. After all, Upper Darby did beat L. M., so a victory for the Fords over the Royals would be some kind of vindication and solace for the second half collapse against the Maroon. We'll have to wait until Thursday for the verdict.

Lower Merion Choice In 49th Radnor Game

Maroon Hopes To Atone For Last Year's 27-0 Reverse In Annual Battle At Villanova College Stadium

Continued from Page 1

Mattis admitted Monday he was deeply concerned about the ailment.

Hopper twisted his knee and I'm not certain that he'll be able to go against Radnor," the Maroon mentor said. "However, I'm hoping that he's in shape because it was mainly his play which kept us in the running against Chester."

Parry Scott, Lower Merion captain, also is ailing with a badly twisted arm. Physicians at first feared his arm was broken, but it developed to be nothing more serious than a bad sprain.

Mattis looks for a "pretty even contest" against Radnor. "They have a very good buck-passing attack, and an exceptionally strong weak-side attack," he said. "In that department I think they're among the best in the suburbs."

The L. M. coach also admitted he feared Gordon Bell, speedy Negro back and Radnor climactic runner. Small, slight and speedy, he's dangerous in the open. Fullback Moon Mullin, who handles most of the Raiders' heavy hauling, and Jim Clark are other Radnor standouts.

Meanwhile, Radnor Coach Jules Prevost opined that "Lower Merion's passing attack looks good. And we looked so terrible against Abington I haven't dared think of Saturday's game," he added.

Radnor lacks line reserves, Prevost pointed out. Monroe Barrick, ace end, has been lost with a chest injury since the Chester game. In addition, Guard George Webber and Tackle Ernie Miel sustained a touch of pneumonia several weeks ago and aren't expected to play.

White Scores Twice But Haverford Bows

Haverford College's belated rally failed and the Hornet football team dropped a 32-30 decision to Delaware University Saturday afternoon at Newark, Del.

Delaware shoved over three touchdowns in the opening period and clung tenaciously to its margin, despite Haverford thrusts in the second and fourth quarters.

Bob White, former Haverford High star, tallied the first Hornet touchdown in the second quaraer and added another in the fourth on a one-yard plunge. Ted Wright registered Haverford's concluding touchdown by catching a long pass from Bob Edgerton.

Cooper's Goal Wins

Cooper's goal in the closing seconds enabled Haverford College soccer team to defeat Princeton University, 2-1 Saturday afternoon at the Princeton field. Matlach had previously scored for the Hornets.

Narberth Passers Off to Fast Start

Legion Five Drubs Wayne, 48-40, in League Opener

Narberth's American Legion basketball team got off to a flying start in the Main Line League Monday night when it outfought highly regarded Wayne, 48-40, at Radnor High School.

The boroughites make their debut at Bala-Cynwyd Junior High tonight (Thursday) against Norristown, and then travel to Clifton Heights Monday.

Manager George (Jiggs) Torchiana hopes his team will have a clean slate when it opposes Brookline next Friday, Nov. 23, in the big Memorial Doubleheader at Lower Merion Senior High. In the opener that night Clifton Heights, which opened its season with a 53-30 victory over Chester, opposes Upper Darby, which humbled Brookline, 49-44, in the other Monday opener.

Narberth trailed only in the first quarter at Wayne, being on the short end of a 9-7 score at the end of ten minutes, but burst forth with a 13-point splurge in the second quarter to gain a 20-15 edge at halftime.

Wayne was always in the ball game, but could never overcome this margin due to the splendid sniping of Bobby Suiter and Russ Herrmann and the pivot and under-the-basket work of Marine Captain Gene Flathman. Suiter collected 14 points on seven field goals and Herrmann made ten on five.

Flathman, who played on Clemson's Southern Conference championship team five years ago, scored four field goals and converted two foul tosses for ten points in his first Main Line appearance.

Ed Boyle, former Temple and pro league star just out of the service, was the big gun for Wayne, amassing seven field goals and three foul goals for 17 points. Al Roshelli, also just out of the service, had 11 points.

In another league game Friday, Friends Central spanked Episcopal Academy, 31-6, at 68th St. and City Line. Doug Greenfield sprinted 91 yards in the second quarter for one Central score.

Two Lower Merion Booters and Coach Named All-Philly

Lower Merion High's Suburban league champions have been honored with two places on the 1945 all-Philadelphia scholastic soccer team. No other suburban school received mention.

James Billington was named goaltender for the second straight year and Bayton Preston was awarded the inside right position.

In addition Bob Hill, Lower Merion mentor, was named coach of the All-Philadelphia team which will play a New York All-Scholastic eleven Saturday, November 24.

Villanova Closes With .500 Record

Concluding its season in a blaze of glory, Villanova College's football team scored a rousing 41-0 triumph over Boston College Saturday night at Shibe Park.

The victory enabled the Wildcats to conclude their campaign with a .500 record. Besides Boston, the Main Liners upset Bucknell, Detroit and Marquette. They bowed to four of the nation's top teams: Navy, Tennessee, Army and Holy Cross.

Starting slowly, Villanova collected its first touchdown midway of the opening period. Jim McMorrow attempted to pass for the Eagles and Villanova quarterback Bill Doherty gathered it in and raced 30 yards for a score.

It wasn't until the third period that Jordan Olivar's operatives really rolled along in high gear. Vince McPeak set up the first score in that period, sprinting 32 yards to Boston's 11. The Eagles held here, but an instant later Chick Welde intercepted McMorrow's lateral on the three and Dave Generalli went over.

Bob Riley recovered McMorrow's fumble of the ensuing kickoff on Boston's 21 and McPeak went over from the one after the Eagles were penalized to their one for roughness.

In the concluding quarter, Len Makowski plunged over from the three and Carl Ungaro rang the bell following John Appleton's 17-yard jaunt. Bill Demidovitch passed to Doherty for the final score.

Stan Johnson Wins

Stan Johnson, Haverford High's ace runner, won the individual title in the Marcus Hook Lions Club's cross-country meet Friday at Marcus Hook.

Johnson led all the way and finished 100 yards ahead of Upper Darby's Russ Neithamer. He was timed in 12 minutes, 54 seconds.

Upper Darby won the team trophy.

Good Omen? L. M. Is Host to Radnor And Maroon Hasn't Lost Yet at Home

By BARNEY FISCHER

The annual football classic of the Main Line, the great school boy battle between the Radnor Township High School and Lower Merion will be played this Saturday afternoon at the Villanova Stadium.

Who will win? That question To hazzard a prediction is hazardsorts of ways in many nooks and corners of this suburban section To hazard a prediction is hazardous, as it has been for many years.

Past performances count nothing when this game is played. As we look back over the long list of games we find many upsets, and it is this fact which adds to the interest and uncertainty every year.

Many recall the game and scrappy light Radnor club that came down to meet Lower Merion in 1915 when the Ardmore Aces had one of the great teams in history, a team that was the toast of the entire township, and was expected to win handily. But the Red Raiders from Radnor refused to be beaten, and unawed by the reputation of their favored opponents fought to a 16-16 tie in a great game, in which Walt Hale and Phil Hunt played a stellar role, and young Leonard kicked the deadlocking field goal from the 40 yard as the game was drawing to a close.

The following year things were reversed. Radnor, led by the giant Duke Wilson, was expected to smotner a young and light Lower Merion team. But young Frank McGrady, Ob Simpson, Duffy Myers and the other bantam weights at Lower Merion refused to be licked, and upset the apple cart, 6-0.

One thought stands out this year. The Ardmore Aces have won every home game this year. And for half a century Lower Merion has been the home team during the uneven years, so in this year of 1945 the boys coached by Dick Mattis are the home club. This may or may not mean anything, but tradition and superstition are closely intermingled in this great game, and being the home club the Ardmore Aces may continue the home winning streak. It is comprised of 26 water-colors, lithographs and wood-cuts. All are the gifts of friends of Dr. Brinton and honor the memory of the Museum's first chairman of its Exhibition Committee.

It peps up the circulation, improves the blood count, and relaxes taut nerves. If everybody would stop quibbling and take a massage, this would be a far better world. Rejuvenate your system with our systematic treatments that will improve your health, increase your vitality and make you feel like a million.
